

Invitation

AACOMA Roadshow in Liège

Liège, October 20, 2021

Conference Center - BluePoint Liège

Address: Boulevard Emile de Laveleye 191, 4020 Liège

We are happy to invite you to the **3rd AACOMA Roadshow** where you will learn more about **Accelerate Advanced Composite Manufacturing** and have the opportunity to visit the labs of project partners **University of Liège, SIRRIS** and **CENTEXBEL**.

Participation is for free of charge, but registration is mandatory
Registration: <https://www.centexbel.be/agenda/aacoma-roadshow-no-3>

Agenda October 20, 2021

9.00 **Welcome**

9.30 **Morning session**

- AACOMA project - Objective and progress
- 3D Manufacturing of Composites
- Robotics for composite manufacturing
- Augmented Reality
- Funding schemes for new projects
- Update on Demo's

11.30 **Coffee Break**

11.40 **Roundtables on demo projects and funding schemes**

12.30 **Networking Lunch**

13.15 **Visit of Labs** (transfer to the labs is organized by bus)

- Labs at University of Liège
- Labs at SIRRIS
- Labs at CENTEXBEL

17.00 back to meeting location

AACOMA stands for Accelerate Advanced Composite Manufacturing. This Interreg project is funded by the European Union. We identify **Who-is-who in the EMR** (SME's, Institutes, and technical centers) and connect them with each other. We establish a **Virtual Technology Center** (database). We identify and realize joint **demonstrator projects** (incl. innovative materials and processes as well as data regarding feasibility, quality, and productivity), in cooperation with an international advisory board. We organize roadshow events, matchmaking, and trainings.
