

3<sup>rd</sup> INTERNATIONAL CONFERENCE ON

# BIOBASED

## TEXTILES AND PLASTICS

October 16, 2018 - Gent, Belgium

CALL FOR  
LECTURES  
AND POSTERS

The importance of biobased materials is still growing in the European textile and plastic converting industries. Each year, new applications are being developed imposing increasingly stringent demands on mechanical properties, durability and additional functionalities.

The 3<sup>rd</sup> International Conference on Biobased Textiles and Plastics will identify the main changes and trends in the fields of biobased thermoplastics for textiles and plastics, and provide a comprehensive update of all aspects for commercial applications. The focus will be on durable and high-end applications. We kindly invite you to present a lecture and/or scientific poster at the conference.

### The conference will focus on

- Biobased textiles and plastics
- Applications
- Legislation
- Standardisation

### Target groups

- Producers and distributors of bioabased thermoplastic polymers and compounds
- Producers of biobased end products in the textile and plastic converting sectors
- Research centres and universities
- Authorities (legislation, standardisation...)

### Presentation

Authors are invited to submit papers and posters on:

- Biobased materials
- Processing of biobased raw materials
- Coatings or finishes on biobased materials
- Applications of biobased materials in products
- Additives for biobased textiles and plastics

# BIOBASED

## TEXTILES AND PLASTICS

October 16, 2018 - Gent, Belgium

SPONSORING  
PRACTICAL INFO

### Sponsoring

Promotion stand during the entire conference and publication of your corporate logo on the website, welcoming slides, etc. Sponsoring formulas are available on <https://www.centexbel.be/nl/agenda/biobased-textiles-and-plastics>

### Important dates

- Submission of abstract lectures: May 15, 2018
- Submission of abstract scientific posters: September 15, 2018
- Submission of presentations: September 15, 2018
- Submission of scientific posters: October 1, 2018

### Conference language

- The official conference language is English. All submissions (including oral and poster presentations) will be written and presented in English.

### Organisation by

- Centexbel

### Conference Office

- Ann De Grijse - [adg@centexbel.be](mailto:adg@centexbel.be)
- Centexbel - Technologiepark 7 - 9052 Zwijnaarde (Gent)
