

# Call for Papers

## THE ROAD TO TOKYO

### 2<sup>nd</sup> International Conference on "Innovations in Sports Materials"

November 19 & 20, 2019  
Ghent - Belgium

Tokyo 2020 is not only the arena where the best athletes in the world compete and triumph, but also a major "catwalk" for innovating materials.

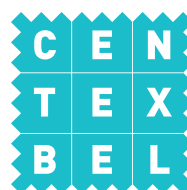

Therefore, Centexbel would like to invite all research centres, material and technical designers, athletes, sports organisations, sports attendands, sports material engineers, and authorities to present a lecture during our second International Conference on "Innovations in Sports Materials" addressing one or more of the following themes:

- new developments in sports materials
- monitoring equipment
- sports clothing
- smart materials
- thermophysical comfort for top performances in tropical conditions
- performance enhancing materials and equipment, etc.

Please submit your paper before August 15, 2019 to Ann De Grijse - [adg@centexbel.be](mailto:adg@centexbel.be)

#### Organisation:

Centexbel in collaboration with Sport Vlaanderen
